

Lions Eye Health Programme Evaluation

The Lions Eye Health Programme is attempting to complete a comprehensive survey in order to gauge the success of the project. The more information you can give, the more accurate our overall picture will be. When completing the questionnaire, please look through your club records and press cuttings, and speak to club members that worked on LEHP events.

If you have any questions please contact your LEHP District Officer

DUE DATE: Please return this form to your LEHP District Officer by 1 MAY 2003
