

Lions Eye Health Programme Evaluation for Opticians

While working to raise awareness via LEHP, your club may have worked with some or all of the local opticians. Whether the Opticians had posters and pamphlets in their shops, worked with your club on World Sight Day or perhaps participated in presentations, their opinion and perception of the programme is invaluable to our overall analysis. By asking local Opticians with whom your club worked, we will be able to gauge the reaction of the awareness raising campaign on the public. Please take this survey to any Optician with whom your club worked, ask them the questions listed below and record their answers. For extra copies of the question page, please photocopy. Please return the completed survey(s) to your LEHP District Officer by 1 MAY 2003.
