

Lions Eye Health Programme Evaluation for Non Participating Clubs

The Lions Eye Health Programme is attempting to complete a comprehensive survey in order to gauge the success of the project. We are very interested in knowing why your club decided not to join the programme. Your answers will help us understand the choices that clubs make (about which projects they choose to join), how many projects clubs feel they can support at any given time, and what the (perhaps) unappealing aspects of the LEHP programme are/were.

The more information you can provide, the more we will understand. This will in turn allow us to try and better tailor future programmes.

Please return the survey to your LEHP District Officer by 1 MAY 2003.
